

BRAUSCH & CO
DHL BATHROOMS
retail pricelist 2013

all prices shown exclude VAT

Stockchecker

Our online stockchecker is available from our websites at www.brausch.co.uk and www.dhlbathrooms.co.uk.

You can search our stock in real time at either our London, Bristol or Warrington warehouse's or all of them at once.

Enter either a description i.e. SUBWAY BASIN 60CM or preferably a code i.e. 6136.60.01 for a more accurate result. You can leave off the last part of a code which will return all colour or variant options in your results.

Your results will display the full code, description and retail price (excluding VAT) as well as the stock status including the physical quantity in stock, the quantity we have on order with our supplier and the quantity of orders we already have for that item.

Your search is carried out in real time and it maybe that the item is displayed as 'in stock' at the moment of search but is not available when you try to place your order minutes later. This is because we may have already allocated this item in the time it has taken for you to place your order, so please, check with us first before committing delivery dates to your customer!

Accounts

Our online accounts system is available from our websites at www.brausch.co.uk and www.dhlbathrooms.co.uk.

All account customers of Brausch and DHL can have access to their account details 24 hours a day, 7 days a week.

Please speak to your representative to obtain login details.

2013 pricelist

Welcome to our 2013 retail pricelist. Please be aware that this pricelist shows suggested retail prices and excludes VAT.

We are a trade supplier and can only deliver goods to recognised trade outlets.

Full technical information for all items shown in this pricelist are available on request from our offices.

This pricelist is E&OE and is copyright Brausch/DHL 2013

Terms & conditions of sale

1. Quotations:

- a) All quotations are subject to availability of goods.
- b) The Company reserves the right to amend at any time its quoted delivery date and price to cover corresponding fluctuations in trading importation conditions and manufacturers prices.
- c) Quoted prices will remain valid for a period of 30 days from the date of quotation or amended quotation.

2. Acceptance of Order:

- a) No order shall be accepted or deemed to be accepted unless the Company's acceptance is confirmed in writing to the Customer.
- b) No order may be cancelled after acceptance unless the Company accepts and confirms the cancellation in writing to the Customer. The Company will charge a cancellation fee of 20% of the value of the order at its discretion.

3. Payment Terms:

- a) Payment in full on or before the last day of the month following the date of the invoice.
- b) The Company reserves the right to demand from the Customer, at any time prior to delivery, a deposit payment on account of the Contract price or the full Contract price and the Customer is obliged to make such payments on first demand.
- c) If the Customer fails to make payment on the due date, then the Company, without prejudice to its legal rights and remedies, reserves the right to charge interest on the outstanding amount at the rate of 4% over and above the Base Rate of any London clearing bank from the due date until the date of actual payment in full.

4. Delivery:

- a) Time is not of the essence and accordingly the Company cannot be held liable for any delay in delivery.
- b) If the payment terms provide for payment prior to delivery (whether of the full contract price or of a deposit on account thereof) or 'cash on delivery' and the Customer defaults to make such payments on the due date, then the Company reserves the right to withhold delivery and to charge the Customer for undelivered despatches from its warehouses.
- c) If the Company is prevented from or delayed in delivering any goods by any reason beyond its control and management including but not limited to Acts of God, government intervention, labour disturbance, civil commotion, breakdown of machinery and vehicles and reduction or stoppage at the works where the goods are manufactured, then without prejudice to the Company's right to recover payment for goods already delivered, the Company reserves the right to cancel or suspend deliveries without notice.
- d) The Company may make deliveries in advance of the quoted delivery date.
- e) Any incomplete or incorrect delivery or delivered goods which after reasonable inspection prove to be damaged or defective in any way must be reported by the Customer in writing to the Company within four days of delivery and receipt. The Company reserves the right to reject any claim made after the said 4 day period.
- f) Notwithstanding the fact that the Company does not contract on a 'sale or return' basis the Company may, at its absolute discretion and at a minimum charge of 10% of the total contract price to cover the cost of re-stocking and carriage, agree to accept the return of goods supplied and delivered and issue a credit note in exchange for the same provided that subsequent to inspection at the Company's warehouse the goods including their packing are found to be in their original despatched condition.
- g) A delivery charge will be made at cost on orders under £300 nett invoice value exclusive of VAT and on all orders delivered by request of the Customer outside the Company's normal delivery schedules.

5. Warranties:

- a) Unless by special arrangement recorded in writing between the Customer and the Company, no specific warranty (whether express or implied) is or can be given by the Company with regard to any goods supplied; accordingly the Company cannot under any circumstances whatsoever be held liable for any direct or indirect loss or damage arising by any reason including but not limited to delay in delivery and fault, failure or defect in any goods supplied.
- b) Unless the Company expressly advises the Customer in writing to the contrary, it is neither a Condition of Sale nor is it warranted by the Company that goods supplied satisfy, either in whole or in part, any national or local bye-law, safety standard, building regulation, specification or any other regulation whatsoever.
- c) Tiles:
 - 1) If the goods comprise wall or floor tiles manufactured from chain, earthenware, vitrified or unvitrified ceramic or any other natural material where variation in shade and colour is an inherent natural characteristic, the Company does not and cannot give any warranty as to such variation in shading and colouring nor can it be held liable for any claim whatsoever relating to shading, colouring or crazing.
 - 2) The Company, at its complete discretion and subject to the provisions contained in Clause 4(f) above may agree to accept the return of tiles provided the shade and colour of the tiles to be returned is still in stock in the Company's warehouse and no more than 90 days have elapsed from the date of delivery to the date of return.
 - 3) Under no circumstances whatsoever will the Company agree to accept the return of tiles of mixed shading and colouring.

6. Retention of Title:

- a) The property in all goods supplied and or delivered by the Company shall at all times remain vested in that Company until payment due under all contracts between the Company and the Customer has been made in full.
- b) All goods supplied by the Company will be held by the Customer as 'Fiduciary Owner'.
- c) Notwithstanding the provisions of sub-clause (a) above, the risk of damage to or loss of such goods shall pass to the Customer immediately upon delivery and the Customer shall be liable to pay the full contract price whether or not such goods are damaged or lost before the property therein passes to the Customer.
- d) If such goods are destroyed by an insured risk prior to them being paid for by the Customer, then the Customer shall hold the proceeds of any such insurance as Trustee for the Company.

7. English Law:

The construction and operation of the Conditions of Sale and of the Agreement between the Company and the Customer shall be governed by English Law.

January 2013

*** Please see appendix C below in respect of data protection regulations.

APPENDIX C

1. We may transfer information about you to our bankers/financiers, in order for them to provide their services to us and other customers of theirs and to help them to (a) obtain credit insurance, (b) undertake credit control, (c) undertake assessment and analysis (including credit scoring, market, product and statistical analysis, (d) securitise debts and (e) protect their interests.
2. We or our bankers/financiers may make credit reference agency searches in respect of your business and its principals. Please note that credit reference agencies make a record of searches which may be used to prevent fraud or money laundering or by other subscribers to make credit decisions about you.
3. Our bankers/financiers may give information about you and your indebtedness to the following for purposes stated:
 - a) any other divisions or associated companies of theirs – for the business purposes of such divisions or companies
 - b) our or their insurers – to quote for and issue any credit policy or to deal with any claims;
 - c) any advisers acting on our or their behalf – so the advisers can carry out their services;
 - d) any business to whom your indebtedness or our financing arrangements with them may be transferred – to facilitate such transfer;
 - e) to any person to whom they have a duty of disclosure or to whom the law permits disclosure.
4. Our bankers/financiers may make decisions about you solely using an automated decision-making process, such as credit scoring; however, they will tell us (and in turn we will tell you) if they make a significant decision only using such a process. Through us you can then request a review of their decision using other means.
5. Our bankers/financiers may monitor and/or record your phone calls to them for training and/or security purposes.
6. We will provide you with details of our bankers on request, including a contact telephone number from where you can obtain details of the credit reference agencies used by them and any third parties to whom information is transferred.
