DESIGN AND FUNCTION IN PERFECT HARMONY

DISCOVER THE NEW TAPS FROM VILLEROY & BOCH

TOP TOGETHER
TAPS & CERAMICS

TAPS FROM VILLEROY & BOCH

FOR THE MOST DEMANDING REQUIREMENTS

A Villeroy & Boch bathroom reflects taste and style. It stands for durable quality and reliable functionality. Down to the smallest detail.

To offer your customers an absolutely high-quality bathroom installation, you can rely on Villeroy & Boch when it comes to selecting and recommending taps too. We are presenting a new range of taps, the first produced by our company: ideally coordinating with our bathroom collections, easy to install and in uncompromisingly high quality. Our Top Together label shows you immediately which Villeroy & Boch bathroom ceramics the taps coordinate with particularly well.

IMPRESSIVE QUALITY

With Villeroy & Boch, you can be sure of making the right choice in every respect for taps too:

- Consumers perceive Villeroy & Boch as the quality brand for the entire bathroom
- Consumer readiness to invest in Villeroy & Boch products
- All components for bathroom planning and installation from a single source
- Professional support for installers
- High-quality and durable components from European market leaders
- Regular and strict quality controls
- Guaranteed compatibility of bathroom ceramics and taps in terms of design and functionality

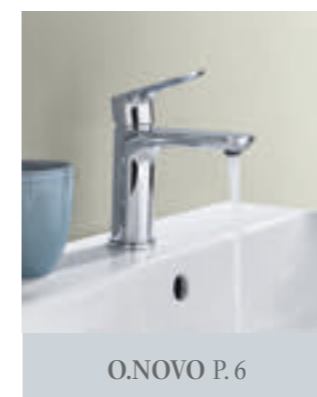

TOP TOGETHER

DESIGN AND FUNCTION IN PERFECT HARMONY

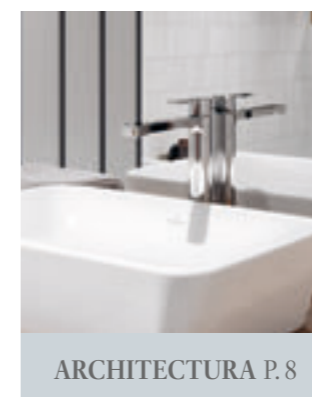

For an exceptionally harmonious look and optimum functionality, we ensure perfect coordination of taps and bathroom ceramics. We call this **Top Together**. This means, for example, that the angles, radii and curves of the taps are precisely tailored to those of the ceramics.

O.NOVO
— Collection —

O.novo collection

FOR EVERYONE WHO EXPECTS ATTRACTIVENESS REFLECTED IN THE PRICE TOO

Strikingly discreet and a real multi-talent - the O.novo design combines soft curves with sleek straight lines. These simple but extremely harmonious taps coordinate with both round and square ceramics and allow a wide range of possible combinations. Another essential advantage for the collection: its profitable attractive price.

DESIGN FACTS

- Discreet design that coordinates in any bathroom style
- Different heights and spout lengths
- Choice of three models for the washbasin
- In timeless chrome
- Lever and spout precisely coordinating with the O.novo ceramic design
- Top Together with the O.novo bathroom collection

WHAT YOU CAN RELY ON WITH O.NOVO

- High-quality and durable components from European market leaders
- Excellent value for money
- Design suitable for high volumes
- Comprehensive range

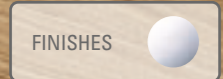

FEATURES FOR GREATER COMFORT AND SUSTAINABILITY

- **AirPlus** for a pleasant flow of water by adding air - even with sparing use of water
- **AquaSmart** limits the water flow to a maximum of 5l/min - with no loss of performance
- **ComfortPlus** for a convenient tap height on surface-mounted washbasins
- **EasyClean** for easy cleaning and removal of limescale with a finger
- **SmartPressure** for a consistent water flow even in the event of variations in pressure

ARCHITECTURA

Collection

Architectura collection

FOR EVERYONE

WHO STRIVES FOR PERFECT HARMONY OF ROUND AND ANGULAR

Clearly formulated design – the modern geometry of straight and round elements impresses at the very first glance. The price is another advantage for Architectura. Together with its wide range of design options and comfort functions, this collection is already everybody’s darling.

DESIGN FACTS

- Modern and stylish design with appealing geometry
- Clear contours and distinctive details
- Choice of four models for the washbasin
- In timeless chrome
- Raised single-lever mixer for more combination options
- Top Together with the Architectura bathroom collection

WHAT YOU CAN RELY ON WITH ARCHITECTURA

- High-quality and durable components from European market leaders
- Cover ring for secure installation on uneven surfaces
- Proven Villeroy & Boch quality at a good price
- Wide range for individual design options

FEATURES FOR GREATER COMFORT AND SUSTAINABILITY

- **AirPlus** for a pleasant flow of water by adding air – even with sparing use of water
- **AquaSmart** limits the water flow to a maximum of 5l/min – with no loss of performance
- **ComfortPlus** for a convenient tap height on surface-mounted washbasins
- **EasyClean** for easy cleaning and removal of limescale with a finger
- **SmartPressure** for a consistent water flow even in the event of variations in pressure

Architectura Square collection

FOR EVERYONE

WHO APPRECIATES LINEAR DESIGN

Geometric design for the perfect line: clear edges, straight surfaces and short radii are the hallmarks of this tap. With its angular shape, Architectura Square adds a touch of sophisticated style and classic coolness in the bathroom. Which makes it absolutely on trend: square designs are in demand.

DESIGN FACTS

- Available in the finishes of Chrome, Brushed Nickel, Brushed Gold and Matt Black
- Choice of four models for the washbasin
- Ideal for an urban, modern bathroom
- Top Together with the Architectura bathroom collection

WHAT YOU CAN RELY ON WITH ARCHITECTURA SQUARE

- High-quality and durable components from European market leaders
- Cover ring for secure installation on uneven surfaces
- Particularly good value for money
- Design suitable for high volumes

FEATURES FOR GREATER COMFORT AND SUSTAINABILITY

- **AirPlus** for a pleasant flow of water by adding air - even with sparing use of water

Subway 3.0 collection

FOR EVERYONE WHO IS ALREADY THINKING ABOUT TOMORROW TODAY

Designed for life: Subway 3.0 taps impress with a timelessly beautiful design that outlives trends and offers enduring appeal. For a bathroom in which the next generation feels good too. As part of the Subway 3.0 complete bathroom collection, the taps create a consistent and harmonious overall effect in combination with the bath, shower and washbasin.

Dawn collection

FOR EVERYONE

WHO LIKES THINGS TO BE AS
MINIMALISTIC AS POSSIBLE

A fresh take on minimalism: Rather than intricate details and extra effects, Dawn impresses with a striking and pared-down shape. Because lightness is the watchword for this collection. With its minimalist look, Dawn opens up scope for a modern and appealing design that adds a touch of glamour and quiet elegance in the bathroom. This makes the Dawn collection an excellent choice for high-quality home and hotel bathrooms.

DESIGN FACTS

- In the finishes of Chrome, Brushed Nickel and Matt Black
- Dawn One with straight spout, Dawn Two with rounded spout
- Selected for the Industry Forum Design Award
- Top Together: Dawn One with the Avento bathroom collection, Dawn Two with the Venticello bathroom collection

Dawn One

Dawn Two

WHAT YOU CAN RELY ON WITH DAWN

- High-quality and durable components from European market leaders
- Suitable heights for every washbasin solution
- Comprehensive range
- Minimalist design that sets trends

- **SmartPressure** for a consistent water flow even in the event of variations in pressure

Antao collection

FOR EVERYONE LOOKING FOR A BATH WITH A SENSE OF NATURE

In touch with nature – inspired by dewdrops on a leaf, the famous design duo kaschkasch created a unique shape for Antao. The Antao taps reflect the asymmetric and soft lines of the Antao complete bathroom collection and create a sense of pure harmony in the entire bathroom.

Conum collection

FOR EVERYONE
WITH THE MOST DEMANDING REQUIREMENTS
FOR THEIR BATHROOM

Sculptural Perfection – captured in an iconic tap collection that clearly stands out from the crowd with its vibrancy and character. The uncompromising design blending filigree and solid elements also impresses with excellent workmanship. Precise, self-confident and elegant: a premium tap for the most demanding requirements.

DESIGN FACTS

- Selected for the German Innovation Award and Red Dot Design Award
- Striking conical design in six versions for the washbasin
- Available in the finishes of Chrome, Brushed Nickel, Brushed Gold and Matt Black
- Free-standing bath tap and built-in thermostats
- Top Together with the Finion bathroom collection

WHAT YOU
CAN RELY ON WITH
CONUM

- High-quality and durable components from European market leaders
- Sliding lever avoids any recess in the lever design
- Easier installation: no base ring required thanks to the conical tap body
- Comprehensive range of 13 models

FEATURES FOR GREATER
COMFORT AND
SUSTAINABILITY

- **AquaSmart** limits the water flow to a maximum of 5 l/min – with no loss of performance
- **ComfortPlus** for a convenient tap height on surface-mounted washbasins
- **LaminarJet** for an almost splash-free flow of water and aerosol suppression
- **SmartPressure** for a consistent water flow even in the event of variations in pressure

Mettlach collection

FOR EVERYONE LOOKING FOR A BATHROOM WITH ICONIC APPEAL

When Heritage creates Uniqueness: The Mettlach tile is a defining feature of Villeroy & Boch's success story. A timeless pattern from these mosaic tiles is integrated in the cartridge base and lever of the taps in a high-quality diamond cut. The result is a unique tap collection that combines heritage and the essence of Villeroy & Boch in a very distinctive design.

DESIGN FACTS

- Luxurious and elegant brand design in every detail
- High-quality textured relief and lever engraved with the coordinates of the company's historic headquarters in Mettlach
- Available in the finishes of Chrome and Brushed Gold
- Choice of four models for the washbasin
- Top Together with the Memento 2.0 bathroom collection

WHAT YOU CAN RELY ON WITH METTLACH

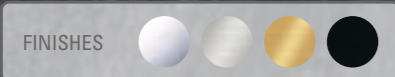

- High-quality and durable components from European market leaders
- Highest standard of tap design and quality
- Comprehensive range
- Energy-saving "Cold Starter" lever

FEATURES FOR GREATER COMFORT AND SUSTAINABILITY

- **AdjustablePlus** to direct the water flow to wash hands more comfortably
- **AirPlus** for a pleasant flow of water by adding air – even with sparing use of water
- **AquaSmart** limits the water flow to a maximum of 5l/min – with no loss of performance
- **ComfortPlus** for a convenient tap height on surface-mounted washbasins
- **EasyClean** for easy cleaning and removal of limescale with a finger
- **SmartPressure** for a consistent water flow even in the event of variations in pressure

ELEMENTS

ELEMENTS STRIKING DESIGN FACTS

- Elements Striking coordinates ideally with square taps
- Elements Striking available in Chrome, Brushed Nickel, Brushed Gold and Matt Black
- Nine products covering all areas in the bathroom

ELEMENTS TENDER DESIGN FACTS

- Elements Tender harmonises perfectly with round taps
- Elements Tender available in Chrome
- Nine products covering all areas in the bathroom

Elements portfolio

FOR EVERYONE WHO ENJOYS PLANNING DOWN TO THE SMALLEST DETAIL

Design and functionality all the way: It is the little, fine details that truly make your bathroom complete - such as towel hooks and soap dispensers. Elements Striking and Elements Tender offer a choice of two elegant styles that coordinate perfectly with our taps and ceramics. The attractive design of the two lines makes the final decision purely a question of style.

DESIGN FACTS

- Showers harmonises with almost all Villeroy & Boch tap collections

Verve Showers

- Clear geometric shapes
- Available in the finishes of Chrome, Brushed Nickel, Brushed Gold and Matt Black
- Wide range of square and round shower heads
- Winner of the IF Product Design Award and Red Dot Design Award

Universal Showers

- In a completely timeless design
- Available in Chrome

WHAT YOU CAN RELY ON WITH SHOWERS

- Intuitive operation and easy installation
- Easy-care surfaces and durable products
- Available as built-in or surface-mounted versions
- Different flow modes for a feel-good shower experience

Showers portfolio

FOR EVERYONE LOOKING FOR A HOME SPA IN THEIR BATHROOM

Enjoy feel-good moments: The Verve Showers and Universal Showers collections harmonise beautifully in your bathroom design. They meet every wish in terms of ease of use, aesthetics and sustainability. That's a promise!

- Confident recommendations thanks to the universal design
- Available in surface-mounted and built-in versions
- Precise and constant temperature regulation
- Top design and functionality for every relevant price segment

FEATURES FOR GREATER COMFORT AND SUSTAINABILITY

- **AdjustablePlus** to direct the water flow to wash hands more comfortably
- **CoolTap** for reliable protection from scalding on the thermostat
- **EasyClean** for easy cleaning and removal of limescale with a finger
- **SmartPressure** for a consistent water flow even in the event of variations in pressure
- **WhisperFlow** very quiet water flow – noise class rating of 1 for the lowest level

WHAT FINISH IS RIGHT FOR YOUR BATHROOM?

CHROME

The cool silvery Chrome finish exercises unique appeal. This metallic highlight coordinates ideally with matt surfaces. Its sheen combines beautifully with natural materials such as light wood, natural stone and tiles in a slate or concrete look. In terms of colours, Chrome harmonises ideally with green shades which also reflect the natural theme of the textures.

BRUSHED NICKEL

A more modern and puristic look is hard to find: Brushed Nickel expresses the softer side of the metallic look. In contrast to Chrome, this finish creates a warm effect. It brings a feeling of peace and a soft shimmer into the bathroom. Brushed Nickel coordinates particularly well with shades in a watery theme - from light turquoise to anthracite green.

BRUSHED GOLD

Brushed Gold is the ultimate eye-catcher in the bathroom. Gold doesn't necessarily need to look opulent. It can act as a warm contrast for a feeling of cosiness and homeliness in a room. Brushed Gold combines well with delicate pastel shades. Or with dark hues such as anthracite, emerald green or cobalt blue, which emphasise its radiance and create a romantic and intimate atmosphere.

MATT BLACK

Matt Black is a trend that is set to continue thanks to its impressive effect: black highlights in the bathroom create a mystical, minimalist and modern atmosphere. The strong contrast creates an impression of balance in light bathrooms and adds a masculine note. At the same time, black taps make wood really stand out.

WHICH TAP MATCHES WHICH WASHBASIN?

To make a stylish choice: our simple chart shows you which tap is compatible with which bathroom collection. Each tap collection has a matching bathroom collection with perfectly coordinating aesthetics and functionality: this combination is called **Top Together**.

Our sales representatives will also be happy to advise you on the best combinations for our taps and bathroom fittings.

NEW TAPS, TRIED-AND-TESTED QUALITY

TRUST EXPERIENCE AND QUALITY

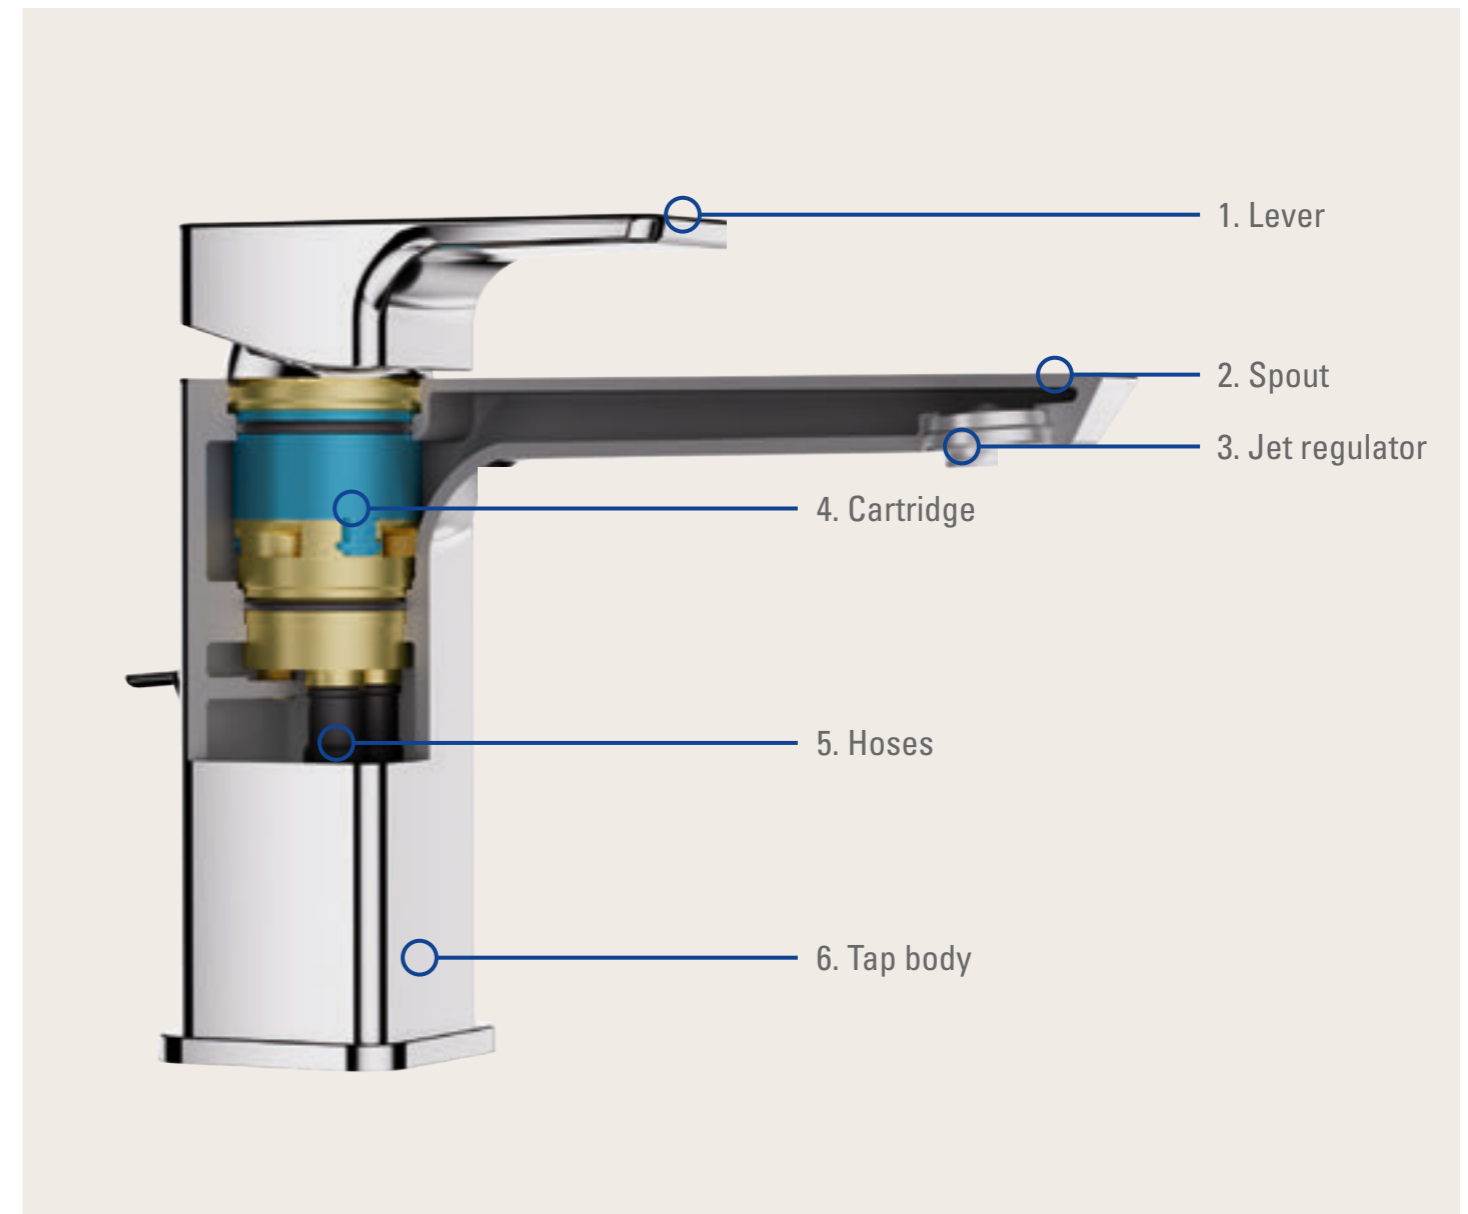

Villeroy & Boch is a guarantee of excellent quality and impressive design. For 275 years.

From selection of materials to workmanship or absolutely precise dimensions, we follow an uncompromising approach. This philosophy naturally applies to our taps too. Developed and tested in Germany, they impress across the board with their functionality, durability and efficient use of water.

MADE TO EXCEED EXPECTATIONS

Our taps meet strict European standards and have been tested under the toughest conditions for the highest demands:

- We test our taps at 25 bar
- Villeroy & Boch taps meet the requirements of the German Federal Environment Agency
- Quality requirements meet all standards for maximum durability
- Made from high-quality components from European market leaders that meet all European water regulation standards

1. LEVER

Optimum balance of comfort and design for the handles

4. CARTRIDGE

Ceramic discs guarantee a very long lifespan – confirmed by 70,000 lifecycle tests

2. SPOUT

Harmonious design and optimum comfort thanks to a height and projection tailored to recommended washbasins

5. HOSES

Withstand three times the average domestic pressure

3. JET REGULATOR

Lots of water-saving and comfort features such as addition of air for a pleasant flow of water and easy removal of limescale

6. TAP BODY

Outer coating withstands a saline spray test of 200 hours

INTELLIGENT FEATURES FOR GREATER COMFORT

Our taps impress with more than just their design: their useful features provide maximum comfort and potential for water savings.

ADJUSTABLEPLUS

Easy orientation of the water flow to wash hands more comfortably

AQUASMART

Environmentally friendly limitation of water to a maximum of 5 l/min - with no loss of performance

COOLTAP

Reliable protection from scalding on the thermostat body

EASYSWITCH

Allows easy switching of the spray head at the touch of a button

SMARTPRESSURE

Consistent water flow even in the event of variations in pressure

AIRPLUS

Pleasant water flow by adding air - even with sparing use of water

COMFORTPLUS

Comfortable tap height for different surface-mounted washbasins

EASYCLEAN

Easy cleaning and removal of limescale with a finger

LAMINARJET

For an almost splash-free flow of water and aerosol suppression

WHISPERFLOW

Exceptionally quiet water flow - noise class rating of 1 for the lowest level
