DESIGN

of Villeroy & Boch

*Stylish design has always been Villeroy & Boch's trademark.
With a fine sense for trends, we design distinctive bathrooms that
make life more beautiful and more comfortable.*

Today, beautiful design in the bathroom goes without saying. It creates an atmospheric setting, invites you to relax and offers space for individual style. At Villeroy & Boch, we recognised the importance of design as a feel-good factor early on. For more than 100 years, we have been transforming functional washrooms into stylish living spaces – with timelessly modern forms and designs that shape the relevant trends in the bathroom.

Designed by high-profile international designers and our own award-winning designers, whether in purist lines or sensually elegant, each and everyone of our bathroom collections has a distinctive face. With their successful composition of aesthetics and functionality, of sustainability and comfort, for many years they have delighted design juries from around the world.

So why not give in to the inspiration of exquisite bathroom collections and first-class designs that perfectly reflect your style? Experience your very own personal feel-good moments – in your bathroom by Villeroy & Boch.

the uncompromised
QUALITY
of Villeroy & Boch

Since 1748, the name Villeroy & Boch has been a by word for the utmost in quality and dependability. With precise craftsmanship, state-of-the-art technology and strict quality standards, we create products that, even many years later and function just as well as they did on the first day.

When it comes to the quality of our products, perfection is always the goal. We want you to feel at home in your Villeroy & Boch bathroom for many years to come. That's why you will find that we offer a variety of reliable solutions that all share one thing in common: first-class quality and a particularly long service life.

We ensure this with all our experience, but also with new ideas, with constant research and strict quality testing. As a result, our products must pass more than 25 checks, from tests of raw materials through to delivery. An effort that's worth it: after all, bathrooms are replaced just once every 20 years or so, with an expectation you can experience in every detail.

It is evident in the careful workmanship of our products – and in their perfect functionality. You can recognise it in scratchproof and dirt-repellent ceramics, in silently closing drawers, and in many other special features that make your stay in the bathroom an absolute delight.

With every product we make, you can rest assured of owning a piece of lasting value.

O.NOVO

from Villeroy & Boch

One Collection, Unlimited Creativity

The O.novo collection boasts an almost unlimited range of models, which can be freely combined. O.novo allows you to furnish a complete bathroom, from washbasins and baths through to water-saving toilets. Design an individual, no-fuss, modern bathroom - at a surprisingly affordable price.

The O.novo Vita collection also provides a solution for accessible bathrooms.

O.NOVO

More shapes, more variants, more freedom for planning.

With a variety of sizes and variants, O.novo is a perfect match for almost every room and building project. Whether in a compact guest bathroom, a spacious bathroom in a detached/terraced house or in a residential or building complex – O.novo is the right choice for countless design concepts.

With washbasins and hand washbasins in oval and angular designs, as well as numerous different sizes and installation variants, O.novo is a perfect match for every bathroom.

The toilets in a linear D-shape or slightly tapering teardrop shape create additional freedom for individual designs. O.novo also brings useful innovations to the bathroom, such as the rimless DirectFlush* technology for greater hygiene and easy cleaning.

O.novo means timeless design and flexibility in proven Villeroy & Boch quality with an excellent price-performance ratio.

** Not available on every model.*

O.NOVO

Great variety with innovation built-in.

The teardrop toilets now also benefit from the highly efficient DirectFlush flushing technology. Their rimless design also makes these toilets particularly hygienic and easy to clean.

The toilets can be fitted with all standard WC seats and covers; however they make a particularly good impression when paired with the harmoniously coordinated Villeroy & Boch seats and covers.

Perfect for the smallest of rooms.

Wherever space is limited, intelligent solutions are required. The O.novo hand washbasins in different sizes and installation variants ensure optimal use of the available space in every guest toilet or niche.

In combination with the new rimless O.novo Compact washdown toilet, the space-saving hand washbasins are the perfect solution for small rooms.

Innovation and sustainability with every flush.

O.novo WC options include both wall mounted and floor standing close-coupled which incorporate the Villeroy & Boch 'DirectFlush' high performance, low water usage easy-clean rimless technology options.

ARCHITECTURA
from Villeroy & Boch

The Variety of Clear Design

Give free rein to your creativity in bathroom design - exploring all the many and varied options of the complete Architectura collection.

Choose between geometric forms, different installation variants and various sizes to give your bathroom its own very distinctive character. You'll be amazed by the practical design of the washbasins, baths and shower trays and impressed by the unique hygiene advantages of the innovative DirectFlush toilets.

ARCHITECTURA

The complete collection that fits in anywhere.

Architectura boasts a full range of basins, WC's and baths, designed to fit into your lifestyle. With lots of options all along the same strong design theme.

Maximum choice, whatever your style.

Designed to offer many looks with one consistent design, Architectura has the breadth and range to suit and all with the latest innovations, like Direct Flush, Villeroy & Boch's innovative design that enables particularly thorough and completely splash-free rinsing of the entire inner surface.

Fresh design, amazingly practical and excellent value for money. Avento has everything that a modern bathroom requires: and much more! In addition to a perfect look, the Villeroy & Boch bathroom collection sports some very practical features – from the trendy furniture programme to the rimless DirectFlush toilet for optimum hygiene.

With eight different furniture finishes to choose from, you're sure to find your perfect look.

AVENTO
Style for the smallest room.

Avento offers a great selection of sizes that caters for smaller bathrooms or guest bathrooms, too.

Avento is ideal for those who want to show off their bathrooms and cloakrooms to the best advantage.

Big design, small dimensions.

Washbasins available in numerous sizes from 45 - 120cm and therefore ideal when space is at a premium, e.g. in niches and for guest bathrooms along with compact, wall-mounted WC's with a delicate look, equipped with the innovative DirectFlush technology for fast cleaning.

AVENTO

Baths to compliment.

The bath with its low inside height of just 440mm, is particularly economical with water and thanks to the central outlet, even two can bathe in comfort.

Not just about the furniture.

Most Avento basins are available to be used with or without furniture for the ultimate in flexibility.

Wall-mounted or floor-standing the choice is yours.

Avento WC options include both wall mounted and floor standing close-coupled which incorporate the Villeroy & Boch 'DirectFlush' high performance, low water usage easy-clean rimless technology options.

Express bathing.

The acrylic baths come in a variety of shapes and sizes to suit virtually any room scenario and design wishes.

DIRECTFLUSH

Efficient, effective and stylish WC options.

Thanks to the innovative rimless design, DirectFlush WCs can be cleaned quickly and thoroughly - for quintessential hygiene. It can be hard to clean under the rim of a standard toilet as the toilet brush and cleaning agent do not reach everywhere, but with DirectFlush WC's it's simple.

Conventional rimmed toilet

DirectFlush rimless toilet

The new generation of rimless WCs offers particularly quick and thorough cleaning. A precise, splash-free water flow ensures the entire interior of the bowl is rinsed thoroughly to ensure cleanliness.

The innovative DirectFlush technology is available for the Avento, O.novo, and Architectura collections.

VICONNECT

The Clever Connection.

ViConnect is the perfect complement for the Villeroy & Boch ceramic collections. The elegant, attractively designed M300/E300 flush plates and the models from the 200 series offer broad scope for individual bathroom design. Available in different colour and material combinations, their puristic design with raised or flush-fitting installation will blend harmoniously into any bathroom.
